Subject: Do Not Grant 401 Certification

Dear Governor Cooper and Mr. Regan,

I am writing to urge you to protect the health and well-being of people of North Carolina and not approve the Atlantic Coast Pipeline. This pipeline is unjustified and has the potential to damage the water and environment of North Carolina. With so many potential risks to the environment, drinking water, and chemical contamination facing us, we do not need another potentially dangerous and unneeded risk.

Thank you for your consideration.

Sincerely,
Patricia Cabarga
